

The Compost Heap

How to Make your own Compost Heap Card

1. Find your favourite pen and finish The Compost Heap Character. Don't forget they need to look like a flower, plant, fruit or vegetable...perhaps you could draw your favourite one!
2. Using some bright colours you can now colour them in. Plants and vegetables come in all sorts of fun colours.
3. Using a thin layer of glue on the bottom of the card, stick on the cotton wool strip.
4. When you want to grow the card, scatter on some cress seeds and lightly water the cotton wool.
5. Wait a week. Yummy.... cress sandwiches!
6. Now you can pop the card in your Compost Heap. What Fun!

Plants Love Water

This part will get wet when you water the other side!

The Compost Heap

My Compost Heap Character is called:

Plants Love Water

Glue and stick cotton wool here - when you're ready scatter the cress and water
